Tables

Simple table with empty cells

Table with spanning

2 columns		3 rows	Normal	Normal 1 column and 3 rows
Normal	Normal		Normal	
2 columns			Normal	
Normal	3 columns			

Different cell sizes

1	2		3	
4	5		6	
7	8		9	10

Alignment

Top-Left	Top-Centered	Top-Right
Middle-Left	Middle-Centered	Middle-Right
Bottom-Left	Bottom-Centered	Bottom-Right

Numberings & bullets in cells

1. First 2. Bullet	<ul style="list-style-type: none"> • Bullet
Normal text	1. First 2. Second 3. Third

Row-Height respecting font-size

The next table has some empty rows with different font sizes in each row: 8pt, 12pt, 24pt. Rows must have height corresponding to font size

Table position and alignment

The diagram illustrates three text alignment options. At the top, a horizontal bar is divided into two sections: the left section is labeled 'right' and the right section is labeled 'left'. Below this, a horizontal bar is labeled 'centered' in the middle. At the bottom, a horizontal bar is labeled 'Full width' on the left side.

Nested Tables

The diagram illustrates four different table layout patterns:

- Simple:** A 2x2 grid of cells.
- Cell sizes:** A table with three rows and three columns. The first row has a small first cell, a medium second cell, and a large third cell. The second row has a large first cell, a medium second cell, and a medium third cell. The third row has a medium first cell, a large second cell, and a medium third cell.
- Complex:** A table with a header row and two data rows. The header row has three columns. The first column is further divided into three sub-columns. The second data row contains three colored rectangular blocks (red, blue, and green) that span across the sub-columns of the first column.
- Spanning:** A table with four rows and three columns. The first row has three columns. The second row has a large first cell, a medium second cell, and a medium third cell. The third row has a medium first cell, a large second cell, and a medium third cell. The fourth row has a medium first cell, a medium second cell, and a large third cell.

Cell spacing / separation

Cell1	Cell2	Cell3	Cell4	Cell5
Cell6	Cell7	Cell8	Cell9	Cell10

Position and size, respecting borders and padding
